Our children's books Toot your town's horn.

Let's tell the story together of why your community is a great place to visit and live.

We'll help you pick a storyline and a custom, lovable character. We'll develop relationships with sponsorships in your community to create your book. Your organization will have the opportunity to sell the books as a fundraiser.

It's a Toot-Toot (excuse us, a Win-Win) for your town.
